Wave® Royalty Tokens™ (WRT Coins) were introduced for our Investors and Lenders as part of the Wave® Initial Coin Offering (ICO). The 2019 ICO also included the launch of two other Tokens: The Wave® Interest Tokens™ (WIT) and Wave® Impact Notes™ (WIN). This document focuses on the Wave® Royalty Tokens™.

Wave® Royalty Tokens™ accounts generate an Annual Rate of Interest (APR) of 16.6%+ on all deposits. But what makes WRT Coins exceptional, is that they replace the traditional system of shares. Royalty Tokens™ reflect ownership of Wave®. This means profits from our technology go to Wave® Royalty Token™ holders. Funds from WRT Coins help finance the development of Wave® technology and our organisation.

WRT Coins are based on cryptocurrency Ethereum. Offering token holders freedom unlike anything a traditional currency and bank can provide. Whether you prefer managing your money online, or through a real person by phone, you'll be glad to know that you can manage your WRT Coins however you want.

the Securities Exchange facilitates the buying and selling of your WRT Coins. The Securities Exchange can be located on our website ( <https://makeitwave.com> ). Also included on our website is a free cryptocurrency wallet, for storing your WRT Coins.

To learn more about Wave® Royalty Tokens™, please proceed to the introduction segment of this document.

## RELEASE NOTES AND NOTICES

This section provides information about what is new or changed, including urgent issues, documentation updates, maintenance and new releases. - 'Updates' are the term used to describe significant changes to our public source code and/or records.

### 1.1 Version 0.1.1

This document has the following updates since version 0.1.0 was published:

- some records were incorrect - see the issues table (bad link). Fixed it!

Some accounts have been reconciled (D-Khan, P-Caines & F-Gill). More reconciling to do. Responses from investors & lenders is too poor to remedy and there is little co-operation

#### 1.1.1 Older Versions

Table 1: Older Versions of this Document

archive date	version	description	download link
2019-01-09	0.1.0	First Draft	<a href="#">2019-01-09_wave-organisation-tokens_v0.1.0.pdf</a>
2019-01-17	0.1.1	see notes	<a href="#">2019-01-17_wave-organisation-tokens_v0.1.1.pdf</a>
2019-02-11	0.1.2	see notes	<a href="#">2019-02-11_wave-tokens-wrt_v0.1.2.pdf</a>

#### 1.1.2 Version 0.1.0

- First Release

### 1.2 Known and Corrected Issues

Below is a table of pending issues which have been reported to our team. These issues will be cleared from this list as and when they are remedied.

Table 2: Known Issues

date	version	subject	description
09-01-2019	0.1.0	bad link	Shell script had wrong link (so it pulled a wrong record). Fixed it - see notes!

**Comments** - none

## 1.3 Recently Updated Topics

Nothing significant to report

## INTRODUCTION

Unlike most companies, Wave® simultaneously operates its own bespoke and internal cryptocurrency banking system and services. This new trend in tech business/ finance is most commonly referred to as a Decentralised Autonomous Organisation (DAO). To fully understand this report, readers are advised to briefly research DAO's online e.g. Wikipedia

The Wave® DAO is able to re-write this financial report each time a transaction occurs in order it remains concurrent. At the time of writing these reports are compiled by an administrator to check processes and procedures before going fully autonomous. Furthermore the DAO is able to autonomously summarise changes and place a link to the previous report in the changelog (of the most recent report).

The Wave® DAO even replaces written and signed legal agreements with encoded scripts known as cryptocurrency smart contracts. This is handy for when our product must indentify, contracts-with and pay our customers Internet Service Provider's (ISP's) automatically. Unique cryptographic addresses are also used to replace government issued identities to eliminate fraud and corruption. Wave® also makes redundant conventional company shares (and promissory notes and interest payments to lenders) by issuing cryptographic 'Royalty' and 'Interest' Tokens.

Traditionally the asset (Wave®) would be owned by the company, and shares in the company would determine ownership. In the case of Wave® a form of cryptocurrency we call 'Wave® Royalty Tokens (WRT)' are issued in place of shares and can be stored on the beneficiaries mobile phones (if they so desire) on free cryptocurrency wallets which are downloadable from the Wave® website: [makeitwave.com](http://makeitwave.com).

True ownership of this organisations core asset is subsequently determined by whomever holds these Tokens, making shares in the company, for the best part, redundant. The DAO is effectively affording the company the privilege of being able to administrate it, subject to preset conditions and rules e.g. the company must hold the most Royalty Tokens.

The initial sale of these Tokens is a process called Initial Coin Offering (ICO). Details of the performance of the Tokens ICO's can be located under the Master Registers within this document.

## 2.1 Review & Purchase

The Wave® DAO activity will appear on the Ethereum blockchain for [public record](#). To purchase Wave® Tokens please visit the investment section of our website: [makeitwave.com](http://makeitwave.com)

## WAVE® ROYALTY TOKEN (WRT), 16.6%+ APR

Unlike companies which distribute funds to shareholders quarterly, or yearly, the Wave® DAO is able to distribute royalties to WRT holders in real-time (daily/ hourly). This is achieved using Ethereum Cryptocurrency and Blockchain/ Smart Contract Technology. Wave® pools revenue from the networks advertising & cryptocurrency mining activity and autonomously allocates and distributes this cryptocurrency to the wallet addresses listed on the latest WRT Master Register.
